

ANNUAL REPORT 2024-25

GROWING TOGETHER : STRENGTHENING ROOTS, NOT JUST BRANCHES

PRIVACY AND CONSENT NOTE

In preparing this annual report, we have changed the names of individuals from the community to protect their privacy. Additionally, all photographs used were included with proper consent. We are committed to respecting and safeguarding the confidentiality and rights of those we serve.

GRATITUDE TO OUR FOUNDERS

HONOURING THE ROOTS THAT SHAPED US

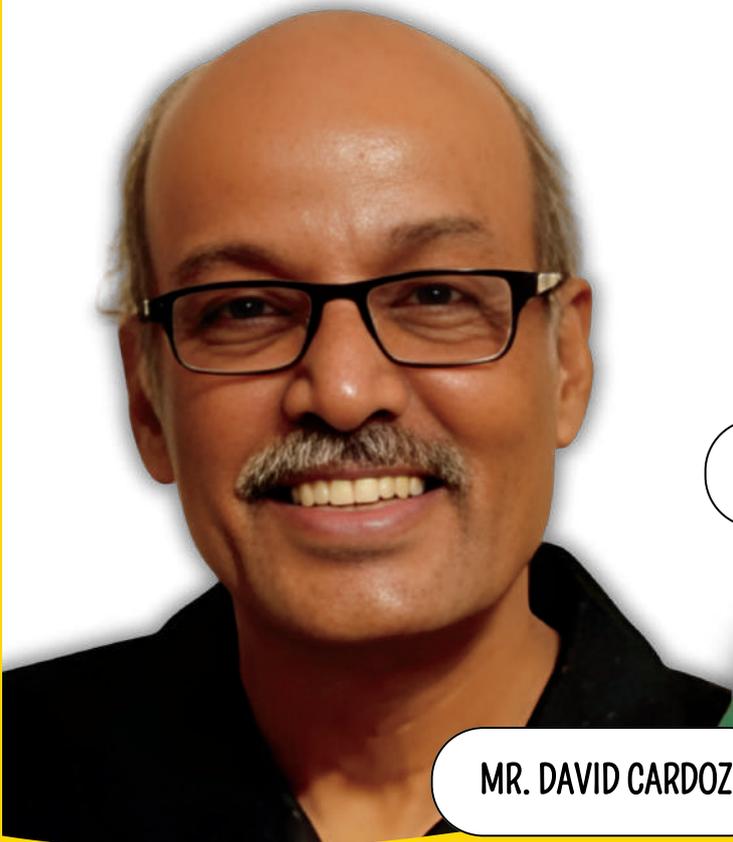

In every community we walk alongside, and in every child whose voice is now heard, we carry the spirit of our Founder's vision - Mrs. Sara D'Mello and Mr. David. R. Cardoz Founder Trustees of Committed Communities Development Trust.

More than three decades ago, they sowed a powerful idea: that real change begins when we look not at how many children we serve, but how deeply we believe in each one. Their belief that children are not statistics, but catalysts, continues to ground and guide us.

Our Founder's didn't just build an organisation, they nurtured a way of being, rooted in dignity, justice, and trust. Their legacy lives on in the communities we strengthen, the systems we engage, and the quiet revolutions sparked by empowered children, families, and young people.

As we continue to grow outward - branching into new geographies, programs, and partnerships - we hold fast to the values they have planted: integrity, care, equity, and the courage to walk with those most overlooked.

Their unwavering belief in the potential of each child remains the heartbeat of CCDT.

MR. DAVID CARDOZ

OUR GEOGRAPHICAL PRESENCE

WHERE OUR ROOTS RUN DEEP

Over the past three decades, CCDT has grown across both urban, tribal and rural landscapes, responding to need, building partnerships, and deepening impact.

From bustling metros to remote tribal villages, each location represents not just a pin on a map, but a living, breathing ecosystem of change. In every geography, we are not just working in communities, but with them - strengthening local roots and enabling long-term transformation.

As our presence expands, our commitment remains deeply grounded in empathy, equity, and trust.

PLEASE NOTE: THIS IS NOT TO SCALE

FOREWORD ROOTED IN PURPOSE, GROWING WITH STRENGTH

This year, as we reflect on CCDT's journey through the year, we find ourselves not just looking at what we accomplished, but how we grew. Quietly. Steadily. Alongside the communities that have always been at the heart of our work.

Our theme for the year, "Growing Together: Strengthening the Roots, Not Just Branches", invited us to look deeper. It reminded us that real growth is not always visible. Sometimes, it is a conversation that builds trust between a community mobiliser and a new mother. Sometimes, it is the quiet confidence growing in a girl who learns to code for the very first time. And sometimes, it is a local committee stepping in early to support a child before a situation becomes a crisis.

Last year, we touched 241899 lives. But at CCDT, we have always believed that true change is not just about implementation or numbers. It takes time. It takes listening. It takes showing up again and again, until communities feel seen, heard, supported, and ready to stand with us as equal partners in change.

This year, we stayed close to that belief. Whether we were addressing health and wellbeing, child protection or youth empowerment, our focus remained on strengthening the foundations that keep change alive.

What stood out this year was not just the reach of our programs, but the ownership communities began to take. On the one hand, our "Community Led Child Protection" programs have taken all stakeholders along to keep their community children safe and protected from risks and harm and created a replicable model to reach out more and more children. On the other hand our "Health, Nutrition and Well-being" programs have developed and empowered community wellness groups and demonstrated sustainable model that is ready for scaling up.

This progress would have not been possible without you. To our partners, supporters, volunteers, team members, and most importantly, the communities who welcome us into their lives - thank you.

As we move forward, we remain committed to growing and create impactful programs but with care and compassion, so that everything we build can stand stronger, together and longer.

OUR COMPASS

THE VALUES THAT STRENGTHEN OUR ROOTS

Before we grow programs, we nurture principles. At CCDT, our work is rooted in a shared set of values that guide every decision we make. These values are not just ideals - they are lived every day, through action.

They reflect our foundation. They shape our partnerships. And they are the roots that quietly sustain everything we build.

OUR GUIDING PRINCIPLES

INTEGRITY

Honesty, uprightness, transparency

EMPOWERMENT

Giving power, confidence and control over one's life, decisions and goals

TEAM SPIRIT

Prioritising collective goals over individual ones

PROFESSIONALISM

Valuing rigour and competence

ENTERPRISING

Taking initiative with courage and commitment

OUR VISION, MISSION AND PHILOSOPHY OF ACTION

DEEP ROOTS, CLEAR PURPOSE

At CCDT, everything begins with a belief. That belief becomes purpose. And that purpose, over time, becomes a practice that grows stronger with every step we take alongside our communities.

VISION

A world where every child counts; a world of children living in dignity

MISSION

Facilitate community action by enabling children and their families to become self-reliant, along the principles of child rights, equity and justice

APPROACH

CCDT believes in 'rights and needs based' approach to empower the most deprived communities and consequently facilitate the sustainable social change

OUR PHILOSOPHY OF ACTION

Community-led and child-centred, prioritising long-term sustainable change

BUILDING STRONGER FOUNDATIONS

This year was a year of milestones for CCDT. Across our programs, we strengthened not only our reach but also the depth of our impact. Guided by our theme, “Growing Together: Strengthening the Roots, Not Just Branches,” we focused on building lasting change that communities themselves can carry forward.

We saw families adopt healthier practices through our wellness initiatives, while community wellness groups began to drive conversations on nutrition and preventive care - a significant step toward sustainability. Our child protection efforts demonstrated the strength of collective action, with local committees, schools, and parents coming together to create safer environments for children. At the same time, our work with young people opened new doors for learning and livelihood, sparking confidence and independence that will shape their futures.

Events and campaigns held through the year brought people together, amplifying awareness and strengthening the networks of support that make long-term change possible. Each of these milestones reaffirmed that transformation happens when communities themselves take ownership.

As we look ahead, we carry forward these achievements as proof that real growth is not only measurable in reach but in resilience, responsibility, and the strong foundations we build together.

CHILD PROTECTION

PROTECTING CHILDHOOD, STRENGTHENING FOUNDATIONS

A safe and nurturing childhood is every child's right. Yet, every day their rights are compromised and they face risks of violence, neglect, exploitation, and loss. CCDT's Child Protection initiatives build strong, community-rooted networks of care that prevent harm, respond to crises, and create safe spaces where children can heal, grow, and thrive.

ASHRAY (BANDRA, MUMBAI) | ANKUR- ASMITA (BADLAPUR, THANE) : RESIDENTIAL CARE PROGRAM

In Ashray (Bandra) and Ankur-Asmita (Badlapur), we offer holistic shelter for children facing crisis, including those affected by HIV/AIDS, abuse, or abandonment. These homes provide more than safety. They are places where children reclaim stability, education, emotional support, and the confidence to dream again.

CLCP (BORIVALI, MUMBAI) : COMMUNITY-LED CHILD PROTECTION

In high-risk urban and rural communities, this program strengthens grassroots protection systems. It brings together families, youth leaders, and local committees to create child-safe environments, enabling children to speak up, seek help, and support one another.

SAKSHAM (DAHISAR, MUMBAI) (VIKRAMGAD, PALGHAR) (BHIWANDI, THANE) : SCHOOL-BASED CHILD PROTECTION

This initiative works within schools and neighbourhoods in urban and tribal settlements to turn unsafe spaces into nurturing ones. Through collaboration with educators, families, and communities, it builds shared accountability for every child's safety, learning, and development.

ACCESS TO JUSTICE (ALL LOCATIONS, MUMBAI & PUNE) : RESCUE, REHABILITATION AND REINTEGRATION

CCDT works towards ending child exploitation across India by addressing child marriage, trafficking, labour, and sexual abuse, including online harm. Through awareness, legal deterrence, and systemic reform, this partner-driven program strengthens the child protection ecosystem and creates sustainable change, ensuring children and families can access safety and justice.

HEALTH, NUTRITION & WELL-BEING

NURTURING HEALTH, GROWING RESILIENT COMMUNITIES

Health is one of the deepest roots of a thriving life. But for families living in rural, tribal, or underserved areas, access to basic healthcare remains uneven. CCDT's health and well-being initiatives ensure that no mother, child, or adolescent is left behind when it comes to care, awareness, and support.

SURAKSHA (BHIWANDI, THANE) (MALEGAON, NASHIK) : FIRST 1000 DAYS JOURNEY OF A CHILD'S LIFE

In Bhiwandi and Malegaon, this initiative supports maternal and infant health by promoting safe deliveries, first 1000 days of care for children, including nutrition through early interventions and social and behavioural change communications. It empowers women with information and care during the most crucial early years of a child's life.

HELP A MOTHER, SAVE A BABY - HAMSAB (VIKRAMGAD, PALGHAR) : IMPROVING MATERNAL AND INFANT HEALTH OUTCOMES

In remote villages of Palghar, CCDT brings timely care to expectant mothers and newborns through a combination of health education, capacity strengthening of frontline health warriors, innovation through technology and digital tracking. It strengthens local systems to reduce preventable deaths and improve long-term pregnancy outcomes.

IVDP (VIKRAMGAD, PALGHAR) : INTEGRATED VILLAGE HEALTH DEVELOPMENT PROGRAM

Implemented in tribal pockets like Khand village in Vikramgad Taluka of Palghar District, our project addresses the interconnected roots of poor health by integrating medical access with education, welfare, and livelihood support. It helps families build the stability they need to move beyond cycles of vulnerability.

ADOLESCENTS & YOUTH EMPOWERMENT

CREATING OPPORTUNITIES, CULTIVATING FUTURE LEADERS

Adolescents and youth in marginalised communities often face shrinking choices, yet their potential is boundless. CCDT's education and livelihood programs equip young people with the knowledge, skills, and support they need to shape their futures and become changemakers in their communities.

PEHEL SRHR (DHARAVI & DAHISAR, MUMBAI) : ADOLESCENT EMPOWERMENT INITIATIVES

Through life skills education, awareness on overall health including sexual and reproductive health and rights, peer learning spaces, community engagement, and the Adolescent Friendly Health Corner, this initiative nurtures adolescent voices. It supports informed decision-making, encourages self-protection, and helps adolescents challenge harmful norms with confidence and clarity.

ADOLESCENT FRIENDLY HEALTH CORNER (BHIWANDI, THANE) : YOUTH ECONOMIC EMPOWERMENT

Across Mumbai, Pune, and Thane, this program provides youth aged 18 to 29 with job oriented vocational training, job readiness, career guidance, and entrepreneurship support. It opens doors to economic independence and stable futures.

AAROHAN (DAHISAR & GHATKOPAR, MUMBAI) (BHIWANDI, THANE) (YERWADA, PUNE) AND CODING ACADEMY (BANGALORE, PUNE, CHENNAI & HYDERABAD): YOUTH SKILLING PROGRAMS

Designed for first-generation learners, this initiative bridges the digital divide by offering IT and coding education. It equips young people with the tools to succeed in today's technology-driven economy and pursue higher education or employment.

FRUITS OF THE ROOTS

EMPOWERING A YOUNG LEADER

At just 12 years old, a young girl from Galli No. 3 showed how awareness and confidence can transform lives. She joined CCDT's Community-Led Child Protection (CLCP) project and quickly emerged as a leader in the "Smart" group because of her active participation.

Her enthusiasm was evident during community rallies, where she actively participated and promoted healthy living among adolescents and peers. She regularly attended awareness sessions on child sexual abuse, and with this knowledge, she became a champion of spreading awareness, educating her peers, and earning the confidence of her teacher, who encouraged her to continue her efforts.

Beyond school, she shared her learning with children in her neighbourhood and even intervened in cases of child labour and substance use in her community. Each step boosted her confidence and deepened her belief in values and self-discipline. Inspired by her father's struggles with limited resources, she now dreams of building a better future through education and empowerment.

Through CLCP, she has grown into a young change-maker—using her voice to protect children, inspire her peers, and build a safer community.

BREAKING TRADITIONS, SAVING LIVES

In one of the lanes of our urban poor community, deep-rooted traditions around childbirth began to shift with a mother's journey.

Anita, 32, was expecting her fourth child. Like her previous three deliveries, her mother-in-law insisted it should happen at home. Hospitals, she believed, were unnecessary and unsafe. But this time, things were different.

Through CCDT's Suraksha program, one of our outreach workers registered Anita as a high-risk pregnancy. With patience and care, we explained the importance of antenatal check-ups, nutrition, and institutional delivery. Resistance remained strong-until community volunteer Meena joined in. She gathered women from the neighbourhood at Anita's home and led an open conversation. By comparing the safety of hospital care with the risks of home births, she helped shift the family's perspective.

When the time came, Anita was accompanied by our outreach worker and community volunteer to Civil Hospital, where she safely delivered a healthy baby boy who received immediate postnatal care. Witnessing the supportive environment, Anita's mother-in-law- once a firm opponent- became a supporter of hospital deliveries and even encouraged family planning.

Anita's safe delivery has since inspired many women in her community, showing how collective effort and awareness can transform traditions and ensure a healthier future.

EMPOWERED TO BEGIN AGAIN

At just 22, Ayesha has shown extraordinary courage and resilience. Married at a young age, she endured an abusive relationship where her husband failed to provide support. Two and a half years back, she made the difficult decision to separate, prioritising her safety and that of her children—a four-year-old son and a one-and-a-half-year-old daughter.

Determined to create a better future, Ayesha joined training sessions at CCDT's Ghatkopar Centre, where she learned computer and vocational skills. Her dedication and persistence paid off—she secured employment with Vimal Jyot Private Limited, earning a decent salary every month along with other incentives. For Ayesha, this income is not just a livelihood— it represents independence, dignity, and the ability to provide for her children.

Her journey has not been easy. Balancing single motherhood, financial struggles, and societal pressures, Ayesha has faced challenges with remarkable strength. By choosing education and self-development, she has rewritten her story— from a dependent young mother to a confident, self-reliant woman.

Today, Ayesha is focused on raising her children in a secure and supportive environment. Her story is a testament to resilience and empowerment, inspiring other women in her community to believe in their ability to overcome adversity.

SYSTEM STRENGTHENING INITIATIVES: BUILDING RESILIENT ROOTS, EMPOWERING COMMUNITIES

CCDT collaborates with government systems to strengthen health, protection, and education services. By building capacity, fostering linkages, and engaging communities, we create stronger foundations for lasting change.

CAPACITY STRENGTHENING

Training of frontline health workers (AWW, ASHA) on Prohibition of Child Marriage Act, 2006 and Strengthening of Child Protection Committee: 3 trainings- 304 participants

Training of School Management and teachers on child protection and child rights- 5 trainings- 750 participants

Capacity Building of GRP, RPF, Ticket Checkers, and Railway Vendors on Preventing Child Trafficking and Strengthening Child Protection Laws in collaboration with government departments- 4 trainings- 224 participants

Training of Doctors from Sub-Centre, District hospital, Rural Hospital on Preventive Neonatology in collaboration with Zilla Parishad Palghar and Indian Academy of Pediatrics- 32 participants

Training of frontline health workers (AWW, ASHA) on Adolescent health- 2 training- 93 participants

INNOVATIVE INITIATIVES

Aao Baat Karein – Ek Nayi Shuruwat,” a CCDT initiative, provides adolescents a safe space to share ideas and concerns, engaging over 300 participants from Mumbai’s urban slums.

With Department of Women & Child Development (DWCD), we celebrated a day of joy and talent where children from Child Care Institutions (CCI) showcased their skills, reminding us of the power of encouragement and courage.

Samarthan Project- A roundtable discussion on enhancing support for children in crisis living in childcare institutes of Maharashtra on Trauma Informed Care

On the 10th anniversary of Beti Bachao Beti Padhao, CCDT partnered with MSCPCR and DWCD to launch a Child Protection awareness film for schools.

Children Speak: A Collective Commitment in Empowering Voices” unites 13 Mumbai NGOs to help children form collectives, voice concerns, and claim rights.

CCDT’s Care Leaver Circle is a safe space to listen, share, and support- building a community where every care leaver feels seen, heard, and empowered.

Bal Vivah Mukta Bharat Rally

STRENGTHENING GOVERNMENT HEALTH FACILITIES AND SCHOOLS TO IMPROVE ADOLESCENT HEALTH AND LEARNING OUTCOMES

CCDT installed solar panels and an IT lab at Uprale Zilla Parishad School in Vikramgad, ensuring reliable power and digital learning opportunities for students from tribal communities.

Launch of Adolescent Friendly Health Corner in Sub-centre in Bhiwandi

Launch of Child Protection Program in Government Aided Schools

DISSEMINATION OF LEARNINGS

Dissemination of findings of Community Led Child Protection Project in Dahisar

ACCOLADES

CCDT has been honoured with the CSR Sustainability Award 2024 in recognition of our continuous efforts towards creating sustainable impact in the community

CCDT Ashray was recognized as the Best Child Care Institution under the 'Open Shelter Home' category in the Konkan Division, and the award was presented by Smt. Adv. Susieben Shah, Chairperson, Maharashtra State Commission for Protection of Child Rights.

Project “SURAKSHA” was awarded 2nd place in the Urban NGO category at the “Glenmark Nutrition Awards”, out of 403 submissions nationwide

CCDT received the prestigious “Bal Snehi Puraskar” as the best NGO for its contribution in child protection issues in Maharashtra from Hon. Minister of Women & Child Development, Madam Aditi Tatkare.

AWARENESS THROUGH FILMS AND JOINT ACTION TO PROTECT CHILDREN

Films have always been a powerful medium to create awareness and inspire change. Several impactful films have been made to highlight critical child protection issues:

CHILD LABOR & EDUCATION:

This film highlights the grim reality of child labor while showing education as the only path to break the cycle of poverty. It reinforces that under the Right to Education Act, every child deserves schooling, support, and the chance to pursue their dreams.

CYBER CRIME PREVENTION

This film addresses online safety, cyberbullying, and social media misuse, offering practical tips for children and parents. It highlights the role of families and communities in guiding adolescents and fostering collective responsibility to keep them safe online.

CHILD MARRIAGE & GIRLS' EDUCATION:

This film exposes the risks of child marriage to a girl's health, rights, and future while promoting the value of education. It shows how informed, educated girls can raise their voices, claim their rights, and grow into empowered leaders.

STOP CHILD TRAFFICKING:

This film exposes the methods and impact of child trafficking, shares survivors' voices, and shows how NGOs, government, and communities can work together through vigilance, awareness, and timely action to prevent it.

CREATING SAFER SPACE FOR CHILDREN:

This film highlights how children are taking the lead in addressing child protection issues and creating a safer community for children, with active participation from the Ward-level Child Protection Committee and community members.

SPREADING THE WORD, STRENGTHENING THE WORK

Our work received recognition across print, digital, and broadcast media, helping raise awareness about critical issues and spotlighting community-led solutions. Each mention echoed the strength of the voices we amplify - and the urgency of the change we seek.
